No. 1687.—The following letter received from the Government of the East Africa Protectorate is published for general information :—

THE SECRETARIAT, NAIROBI,
EAST AFRICA PROTECTORATE,
June 27, 1916.

SIR,

I have the honour to inform you that the Government of the British East Africa Protectorate has recently had under consideration the desirability of enforcing more strictly the provisions of the Immigration Restriction Ordinance, 1906, and the Immigration Restriction Amendment Ordinance, 1910, copies of which are enclosed herewith.

2. Section 11 of the original enactment provided that any person appearing to be a prohibited immigrant under section 3 (c) * may be permitted to enter the Protectorate on payment of a deposit according to nationality.† In the course of time this restriction was shown to be acting as a deterrent in the case of persons who might well be admitted to the country, and the amending Ordinance was promulgated whereby the Immigration Officer was empowered to accept security in lieu of the deposit.

3. In the great majority of cases no arrangements for this security are made prior to embarkation and in consequence such persons have hitherto been all but to land in order that they may be given the opportunity of finding a surety. This operates on hardship to persons who are in all respects desirable immigrants as the deposit prescribed by section 11 of the Ordinance of 1906 is not forthcoming on landing, and if this section is read together with section 3 (1) of the amending Ordinance of 1910 it is clear that the demand for security must also be complied with before landing.

* This section prohibits the immigration of any person without visible means of support or likely to become a pauper or a public charge.

† The deposit required from a native of India is Rs. 50.

4. The Government has therefore decided that all immigrants should either make the necessary deposit, or provide the security required, before leaving the ship on arrival in port. The strict enforcement of this regulation will take effect as from the 1st of September 1921 and I have the honour to request that steps may be taken to make this procedure known in those districts from which immigrants to British East Africa usually arrive. Persons who cannot deposit the necessary sum or have failed to find the requisite security will after that date be sent back to India, and the Government of this Protectorate will not hold itself responsible for any expenditure thus incurred.

I have the honour to be,

Sir,

Your most obedient servant,

C. C. Bowring,
Chief Secretary to the Government.

Local Governments and administrations are requested to make the intimation contained in the letter as widely known as possible, particularly in places from which emigration to British East Africa is believed to be most common. Intending emigrants should also be warned of the risks they run in proceeding to the Protectorate if they are unable, before landing, to deposit the sum of Rs. 50, or to comply with the demand for the requisite security in lieu of the deposit.

FINANCE DEPARTMENT.

APPOINTMENT.

Fort St. George, June 28, 1921.

No. 53.—Mr. W. J. Davis has been appointed Deputy Superintendent, Government Press, by the Secretary of State on a pay of Rs. 500-20-600.

NOTIFICATIONS.

Fort St. George, July 5, 1921.

No. 81.—The following resolution of the Government of India is republished:—

DEPARTMENT OF EDUCATION.

ARCHÆOLOGY AND EPIGRAPHY.

Simla, the 24th June 1921.

No. 190.—The Secretary of State has recently sanctioned the proposals of the Government of India relating to the reorganisation of the Archæological department. A few of the more salient points in connection with the reorganised department are given below.

2. *Present organisation.*—The Archæological service at present consists of the following appointments:—

One Director General of Archæology on Rs. 1,800. (The present incumbent of the post Sir John Marshall, Kt., C.I.E., draws a personal pay of Rs. 2,000—80—2,250.)

One Deputy Director-General of Archæology on Rs. 900—35—1,100 *plus* a local allowance of Rs. 250.

One Government Epigraphist on Rs. 500—25—700 *plus* a duty allowance of Rs. 100 a month.

Eight superintendents on Rs. 400—25—500 each.

Four Assistant Superintendents on Rs. 200—25—350 each.

One Archæological Chemist on Rs. 500—25—700.

One special temporary appointment held by Sir Aurel Stein on Rs. 1,250 in connection with the disposal of his collection of Central Asian antiquities.

Besides these superstaff posts there is a post of Epigraphist to the Government of India for Persian and Arabic Inscriptions. This is held by an officer who is at present employed under His Exalted Highness the Nizam of Hyderabad and who receives no allowance of Rs. 100 a month for doing the work.

2. *Future organization.*—Under the reorganised scheme the service will be constituted as follows:—

One Director-General of Archæology in India (on Rs. 1,750—100—2,250).

Twenty-one Archæological officers ranged on a time scale as described in paragraph 3 below.

One special appointment of Sir Aurel Stein on Rs. 1,250—50—1,500. This post will come to an end with Sir Aurel Stein's retirement.

In addition to these twenty-three posts, the post of Epigraphist to the Government of India for Persian and Arabic Inscriptions will be continued on its present footing; but the amount of the allowance will be raised to Rs. 150.

Of the twenty-one Archæological officers twelve [namely, Nos. (*i*—*viii*), (*ix*), (*xx*), (*xxi*), and (*xvii*) below], will be classed as Superintendents; one [namely, No. (*x*) below] as Archæological Chemist; and six as Assistant Superintendents, while two officers will form a leave reserve.

This cadre of 21 officers will moreover sanction, and maintain the terms of service of, the following posts:—

(*i*)—(*viii*) The eight existing Superintendents.

(*ix*) The Government Epigraphist.

(*x*) The Archæological Chemist.

(*xi*)—(*xiv*) The four existing Assistant Superintendents (two of whom will continue to be employed in the Western and Central Circles, one as Assistant Epigraphist and one in the States of Central India and Rajputana).

It will also sanction the following new posts:—

(*xv*) Deputy Director.

(*xvi*) Epigraphist (additional to the existing post of Government Epigraphist).

(*xvii*) Superintendent of the Archæological Section of the Indian Museum.

(*xviii*)—(*xix*) Two Assistant Epigraphists (additional to the existing post).

(*xx*)—(*xxi*) Two reserve posts.

Separate orders of the Government of India will be issued sanctioning from time to time the creation of these new posts.

3. *Recruitment.*—In the past the posts of Superintendent and Assistant Superintendent in the Archæological Department have been filled partly by recruitment in England and partly by recruitment in this country. In future it will probably be possible to fill the Superintendentships ordinarily by promotion from the posts of Assistant Superintendent, though it will be necessary at times to ask the Secretary of State to recruit in England. The Archæological scholarships which have been useful in stimulating recruitment in India will be retained for the present.

4. *Selection.*—Archæology will be a central subject under the Reforms, although, for the present a local Government concerned will exercise administrative control over the actual work of the officers under them. As the selection of officers will require special knowledge, it has been decided that a Board of Selection should be created consisting of the Director General of Archæology and two members of the Central Advisory Education Board which has recently been established. The Board of Selection will put itself in communication with the universities and with associations interested in the subject of archæology throughout the country and will select for the approval of the Government of India promising candidates for scholarships and posts.

5. *Proportion of Europeans and Indians.*—It has been found possible to staff the Archæological Department largely with Indians. Experience, however, indicates that the retention of some proportion of Europeans is necessary and this is particularly so in the central posts which require a practical knowledge of architecture. It has been decided that approximately 40 per cent of the service should be Europeans, whether the Europeans appointed to such posts are recruited in England or in India. The remaining portion of the total number of posts, viz., 60 per cent will be held by Indians.

7. *Probation.*—All recruits (excluding those who, previous to their recruitment, have held Archæological scholarships) will hold their posts on probation for two years.

8. *Pay.*—The pay of the 21 Archæological officers under the reorganised scheme will be as follows. These new terms will, save as otherwise stated, take effect from April 1st 1920.

Years of service.	Pay.	Overseas pay.
	Rs.	Rs.
1st year	650	150
2nd year	400	150
3rd year	450	150
4th year	600	150
5th year	650	150
6th year	850	200
7th year	800	200
8th year	850	200
9th year	700	200
Efficiency bar.		
10th year	750	250
11th year	800	250
12th year	850	250
13th year	850	250
14th year	900	250
15th year	950	250
16th year	1,000	250
17th year	1,000	250
18th year	1,050	250
19th year	1,050	250
20th year	1,100	250
21st year	1,100	250
22nd year	1,150	250
23rd year	1,150	250
24th year	1,200	250

Note I.—No officer will draw more than the initial pay until he has attained the age of 21.

Note 2.—Overseas pay will be granted only to officers who are of non-Indian domicile.

It will be seen that there will be an efficiency bar in the sixth year of service for those officers whom experience may show to be incapable of holding responsible charge of a circle or of discharging the other duties assigned to an officer of the rank of Superintendent. An officer who does not hold a post of Superintendent or one deemed equivalent to that of Superintendent will not rise above Rs. 1,000 (or with overseas pay Rs. 1,250). Should an officer whose promotion has been temporarily stopped from any cause be subsequently promoted to a Superintendentship or to an equivalent post, he would again draw pay at the rate justified by his length of service.

Officers now in service will take their place in the time-scale according to the number of their years of service, *e.g.*, an officer in the seventh year of his service, whether an Assistant or a Superintendent, would draw Rs. 800 or, with overseas allowance, Rs. 900. Protection from loss will be secured to existing members of the service who have no European domicile under Articles 137 and 148 of the Civil Service Regulations. Personal allowances will be granted in order to compensate for any disadvantages due to the introduction of the pauses in the new scale.

2. *Pay of special posts.*—In the case of the following posts there will be special conditions of pay :—

(*i*) *Director-General of Archæology.*—The pay of the Director General of Archæology will, as shown above, be Rs. 1,750—100—2,250 and, as in other administrative posts, no overseas pay will be attached to the post and the full pay will be attainable whether or no the incumbent has a non-Indian domicile. In virtue of his 18 years of service as Director-General, Sir John Marshall will, however, draw with effect from the 13th February 1921 the highest pay of the post, namely, Rs. 2,250.

(*ii*) *Deputy Director.*—The Deputy Director will draw a local allowance of Rs. 250 a month.

(*iii*) *Government Epigraphist (Sanskrit).*—A duty allowance of Rs. 100 will be attached to this post.

(*iv*) *Archæological Chemist.*—It will be open to this officer to rise to Rs. 1,200 or to Rs. 1,450 according as he is not or is eligible for overseas pay. He will accordingly be reckoned as of the status of a Superintendent and will not be debarred under the provisions of the preceding paragraph from rising to the highest pay for which officers in the time-scale will be eligible.

(*v*) *Sir Aurel Stein.*—As stated above, the pay of this officer is now raised to Rs. 1,250-50-1,400. He will draw his first increment with effect from the 13th February 1921.

(*vi*) *Epigraphist for Persian and Arabic Inscriptions.*—As stated above, the allowance of Rs. 100 a month attached to this post is raised to Rs. 150.

10. Any local allowances which at present are held and any privileges given by way of rent-free houses or houses at a reduced rent will be retained.

Fort St. George, June 27, 1921.

SCHEDULE C.

Scheme of Administration of the Charitable and Religious Endowments under the control of the Prince of Arcot in Trichinopoly.

1. The Prince of Arcot shall spend the entire income derived from the endowments in the Trichinopoly district specified in Schedule A only for the charitable and religious institutions in the Trichinopoly district specified in Schedule B and for those numbered 8 to 14, 30 and 32 in the same schedule and shall not be entitled to appropriate any part of such income for his private purposes.

2. The said income shall be divided between the charitable and religious institutions which are now under his management in Trichinopoly and the other charitable and religious institutions above mentioned in the proportion of ¾ to ¼ (three-fourths to one-fourth).

3. The Prince of Arcot for the time being shall be entitled to appoint an Agent to manage the charities but such appointment shall be subject to the approval of Government.

4. The Agent shall be a Muhammadan. The Agent's office shall be in Trichinopoly and the Agent shall ordinarily reside in Trichinopoly.

5. The Agent shall be subject to the control of the Prince of Arcot, but any complaint against the Agent regarding the administration of the charities shall be inquired into by the Collector of Trichinopoly whose orders shall be subject to appeal to Government. The decision of Government on any such complaint shall be final and shall be obeyed by the Agent.

6. The Collector shall appoint an advisory committee of five leading Muhammadan residents in Trichinopoly for the purpose of assisting and advising him in the matter of the endowments. Each member shall ordinarily hold office for three years.

7. The powers of the committee shall be confined to the inspection of the religious and charitable institutions in Trichinopoly including the endowment office and to advising the Collector and all action on such advice shall be taken by the Collector.

8. The Agent shall prepare a budget of income and expenditure for each year in consultation with the committee and in accordance with the proportions mentioned in rule 2 above. If the Agent and committee disagree in connexion with any point concerning the Trichinopoly portion of the budget, the matter shall be referred to the Collector.

9. The Agent shall keep accounts of income and expenditure of the endowments in such manner as may be prescribed by the Collector. The accounts shall be audited once a year by a person to be appointed by the Collector, the cost of the audit being paid from the income of the endowments.

10. The Collector may for good and sufficient cause require the Prince of Arcot to remove the Agent. If the Prince neglects or refuses to comply with any such requisition, the Government may, after hearing the Prince, remove the Agent and require the Prince to appoint a new Agent.

11. The appointment and dismissal of the Agent's staff in Trichinopoly shall rest as heretofore with the Prince of Arcot.

12. Leases of immoveable properties forming part of the endowments shall be made by the Agent in consultation with the committee by public auction and in accordance with rules and orders made by the Collector in consultation with the committee and the Agent.

STATEMENT OF OBJECTS AND REASONS.

The Prince of Arcot administers certain charitable and religious institutions founded by his ancestors, Nawab Wallajah and Nawab Omdat-ul-omra of Arcot. The superintendence of the endowments connected with them was entrusted by the Local Government to the Prince of Arcot and his successors in title in 1867; and they were made responsible for the maintenance and repair of their structures. A suit was recently filed against the Prince in the Trichinopoly Subordinate Judge's Court for removing him from trusteeship, for the appointment of a committee of supervision and for settling a scheme of management in connexion with the endowments in the district of Trichinopoly. That suit has been amicably settled in the interests of the institutions and in accordance with the opinion of the leading representatives of the Muhammadan community interested in the endowments, and a scheme has been framed as set forth in Schedule C, which adequately provides against maladministration. It is necessary that the supervision of the Local Government provided for by that scheme should be authorized by Law. It is also expedient that neither the Prince should be liable to be removed from his trusteeship nor the scheme altered by means of a suit under the Religious Endowments Act, XX of 1863, or under section 92 of the Code of Civil Procedure. The object of the Bill is accordingly to give effect to the scheduled scheme as regards the endowments in the Trichinopoly district, and to enable rules to be made, if necessary, for the general superintendence of endowments in other parts of the Presidency, as well as to oust the jurisdiction of civil courts to the extent indicated.
